“ *I will miss my favorite cousin Billy 💔 always. He had so many stories to tell, I always told him he should write a book, then he flash those pretty devilish blues, "It might take a couple books." He loved life, he loved his family, he was a friend to the end. My favorite cousin Billy.*

“ Billy was a great friend to us. So many memories we made from work, fishing and hunting. I especially remember the first chartered fishing trip to Hatteras, great friends and great memories were made by all. He always had that big smile and great laugh. He is truly missed. But the pain his gone now and he is with his wife again.

“ *I'm going to miss seeing this character out and about doing his own little thing but throughout the years we have had a many good time together doing stuff that only made sense to us at the time. Thinking about when we were in school and it seems like only yesterday we were always doing things that ended up getting us in a little bit of trouble but lucky for us we didn't get caught for everything we did ~~~ if we had of I guess we'd still be staying after class washing down black boards or something ? Billy Carter was someone who loved having fun, enjoyed the wild life and was dependable to the very end ! will always have fond memories of YOU ~~~ MY FRIEND !!!*
