“ *The fondest memories of my childhood were those that took place all around the Pamunkey River. Spending time with my New Kent and King William cousins was what I looked forward to more than anything during summer months, back in the formative years of my youth. A big part of those happy times involved water skiing or jet skiing over to the Johnson farm - visiting with Ella Mae, Wylie, and my cousins, Chandler, Hugh, and Bruce & families. Chandler was a wild one, and so full of life in those days. He always made me laugh, and for me, that is one of the best legacies. Those are precious memories that I will always hold close to my heart.*

Thoughts and prayers are with all of the family.

“ Tonya and Annie--I know your Dad was so proud of you both. One of the best things he ever did was to make you a permanent part of our lives. Years of OBX vacations, sleep overs, trips to MD, volleyball games, cookouts, crab carnival parties on 6th St., and days on the river with you all are some of my fondest memories. Know we love you and if you ever need anything at all, we're here for you. xoxoxo

“ Liz, I'm so very sorry to hear of Chandler's passing. He was truly a character and definitely one of a kind. I am so glad I had an opportunity to know him. I think the first thing he'd always say to me whenever I'd see him is "How's that hound dog?" I will miss seeing him. I'm sure the Lord has a special place for him in Heaven. May the love and memories you shared together bring your heart consolation and comfort and may Chandler rest in everlasting peace. My thoughts and prayers are with you always. Cindy D.

“ What can I say? I am so sad about the loss of this great guy. Chandler and I go back a long way from our days of dating & mostly “sneaking around” after he arrived at Pleasant Hill High School...even after I went to nursing school in Richmond! I spent a lot of time with Chandlers family and loved them all. Well, time passed and we went our separate ways, but I thought of him often.. The last time I saw him was after my dad died in April and I came home for the “ Crab Carnival” in 1997!!! He had NOT changed a bit.... Still handsome, charming, & amusing. Chandler, you were loved by many and will certainly be missed by more than you will ever know. Thank you Bruce for letting me know about Chandlers condition. I only wish I had been able to talk to him before his passing... Rest In Peace Wylie “Chandler” Johnson Jr. God Bless the Johnson Family & Liz

“ Anyone who knew Chandler knows how much he loved his “hikeys”. He was a long time business partner with my family at Society Hill in Southern Maryland and soon became friends who generously shared his hickeyes with us. They were beagles Dottie, Peelio and Molly, and then of course there was Bridgette, the dachshund who he affectionately called Pot. I will never forget the day Pot ran into a ground hog hole. She loved chasing ground hogs. Well much to our surprise, she came out with a skunk. Chandler started screaming at Pot telling her she had a skunk and to drop it. He was actually jumping around in the field as if not quite sure what to do. By this time the odor of Pepé Le Pew was filling the air and Pot had been sprayed well by her prey. I was laughing so hard I was crying. Chandler grabbed up Pot and we took her to the house to hose off and rinse with tomato juice. No sooner was she covered in the tomato juice; she takes off across the yard. Finally she was caught and washed but the stench remained on her for days. It was one of the funniest things I’ve ever seen. Chandler’s reaction to Pot bringing a skunk out of a ground hog hole will be a funny memory for years to come.

*Rest in peace Chandler and happy birthday. We love you and you will really be missed but not forgotten. Thanks for the memories!

“ I met Chandler through Liz and the first thing I remember about him was his kindness. He had a way of making you feel comfortable. He loved dogs and he always asked me how my “hikies” were doing. He was full of mischief, interests and ideas, always on the move mentally and figuratively. I believe that once you are absent from the body, you are present with the Lord and although we have lost Chandler’s physical presence, his warmth, humor and joy will always remain.

“ All our thoughts and prayers are with Chandler’s family and Liz. We wish them lots of support during these days.

Chandler worked our fields at West Hatton farm, Maryland for more than three decades – with his high professional skills and outstanding care much more committed than any owner could ever be. Beyond all that he supported us in so many aspects farm life is about. Since we live on the other side of the pond in Germany and Switzerland we knew that our estate was taken care of in the reliable hands of Chandler. He always made us feel at home and was part of our family. We enjoyed laughing with him, his great sense of humor and his wonderful smile. We are so thankful that Chandler invited us last year to a wonderful family dinner in the historic part of Richmond where we met his whole family. We will always commemorate Chandler in our hearts filled with thanks. We hope to stay in close touch with Liz and all the Johnsons to continue this outstanding relationship.

Chandler, rest in peace!

“ April 12th
Hey Babe,
Today is your birthday! While I miss you so much, I know you are now at peace and no longer suffering. You fought the fight for so long and are now on your way to your reward.
I believe God is preparing your own special farm in heaven, for two reasons, one, to keep you busy and happy and two, with your take charge nature, by keeping you busy he can continue his work without you trying to tell him how to run the show!

Forever missing you!
Love Liz

“ Hugh and Bruce, I am so sorry for your loss. Real scary when my age group departs life. As you well know, Chandler and I go way back and many stories cannot be told! We were both very rebellious back in the day. The one thing that sticks out in my mind is Chandler driving the Plymouth from Lanesville to West Point on the Railroad Tracks. The other is flying down 5 minute Road at about 70 miles an hour. Big Wylie constantly tried to keep me out of trouble with my Mother. I did a lot of sneaking around in those days! My deceased husband Jim had many duck hunting tales to tell on Chandler. He left him in the marsh on the Pamunkey River a little tooo long! He was a good guy who drove his brothers crazy, his family crazy and loved ones. He was a charmer who never met a stranger. Chandler will be missed but he will never be forgotten. Much love to all the family, Cece Johnson

“ I am deeply sorry to hear of Chandler's passing. His kind gestures, friendly smile, and distinctive voice will be greatly missed. I will never forget how he would quietly slip me money for doing well in school or secretly pay for my meals when I ran into him at Salsa's. I feel blessed to have known him. My thoughts and prayers are with my Aunt Lizzy and the rest of his family.

“ *The Slattery Family sends its deepest sympathy to Liz Wathen and the Johnson Family. I had the pleasure of meeting Chandler through my friend Liz. Chandler's warm smile and heartfelt greeting made everyone he met feel special. My son Jackson and I ran into Liz and Chandler at a local restaurant. We went over to their table to say "hello" Chandler stood up gave me a hug, shook hands with Jackson making Jackson feel so good. We chatted for a few moments, as we were walking out, Jackson said to me "Mom, what a great guy, I want to be like him." This made me so happy -- they say that good souls recognize each other...Chandler was a gem...a very good soul and what a smile. He will be missed...*

Bruce & family! I am so sorry and shocked about this news! My brother Bill just called me! I am heartbroken. I tried calling Chandler about 3 times on his cell and kept getting a wired mumbling recording..... I thought I would wait and check back when he got home! I feel sooooo bad! Liz, Our favorite memories of Chandler was when he would pull up to our cottage with you by his side, turn off the truck and just chat. People would drive by and he would always ask who was that person and what did they do for a living. With a cup of corn by his side he enjoyed talking with everyone. If he called us the first thing you heard was "aaahhh Mike this is Chandler" or "Mike what is going on down there". Kinnakeet Shores was blessed to have him and you as a friend & a neighbor. Please don't be a stranger. We know Chandler is up in Heaven asking God who that person is. Love - Melissa & Michael Condore
